

# Mourad HADDAD

Software Developer

## SUMMARY

Inspired, detail-oriented, software engineer driven to make the world a better place using computer technologies, with a deep interest in Datafication. Considerable experience in creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

## WORK EXPERIENCE

### Software Developer at 100devs, Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

#### Recent Projects:

**Happy Notes (Full stack Web App)** – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

**100Hours Project** – this is a personnel project that I dedicated 100 hours in the developing of an e-commerce full application using different technologies such as Next.js, Sanity Studio, Stripe and much more.

**Other Projects:** Small Lakes Casino Virtual Slot Machine, Los Angeles StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more

### Full Stack Web Developer Freelancer

September 2019 — December 2021

Created full stack web applications and static websites for different clients across small and medium size businesses.

### Finance coordinator at ARPC | Algiers, DZ

Mayo 2014 — August 2019

Coordinating and controlling of different financial operations on a daily basis as well as the different incomes and outcomes between the finance department and other department of the agency.

## Turnaround Coordinator

### Turnaround Coordinator at Swissport| Algiers, DZ

Mayo 2013 — November 2013

Coordinating between all services concerned with the flight turnaround in the aerodrome. .
